

High School Wins Conference Game From Nevada Five

Wolverines Drop Game To Reno But Win From Steward Team

The Tahoe-Truckee Wolverines opened their quest for the Western Conference A title as they won their opening conference game from the Stewart Indians by a 63-40 score.

Friday night the Wolverines dropped a non-conference clash to the Reno Ramblers 45-38 as Coach Brehler used all hands in preparation for the opening conference game with Stewart the following night. In the Rambler game Tom Sheehan took scoring honors for the Wolverines with nine points followed by Vaughan with eight points.

Saturday night the Wolverines moved right out in front picking up 10 points before the Braves could get on the scoreboard via the foul route, and from the opening whistle the game was never in doubt as the Wolverines controlled the back boards and made their shots count as they moved out to a 24-9 first quarter lead. Brehler substituted freely using all 12 men on the team with each man doing equally as well and the Wolverines continued to pour in the buckets to take quarter scores of 24-9, 35-12, 51-25, 63-40.

Dave Rickert playing less than half the ball game took scoring honors as he garnered 18 points for the night's work followed by Vaughan with 13. Danny Ramos was high for the losers with 10. Next action for the Wolverines will see them facing the strong Manogue Miners in another conference game, the Miners have been very impressive thus far downing the Railroaders from Sparks and the Lions from Yerington both "A" clubs and dropping a 46-44 decision to the "AAA" Reno Huskies. The game will be played at the Glendale gym of the Miners in Sparks with many fans and rooters expected to make the trip to back the Wolverines in what Coach Brehler feels will be his biggest hurdle on the way to the conference title, the Wolverines will be looking for their first victory over the Miners in five years.

In the preliminary games the Wolverines JV dropped a hard-fought game to the Rambler JV on Friday night by a 43-30 score. The Wolverines were ahead 9-7 the first quarter and led 17-10 in the second quarter before the tall more experienced Ramblers began to hit from the outside and moved out front to stay. Saturday night the Wolverines once again took it on the chin as they dropped to the Brave JV by a 36-21 decision. L. J. Robinson was high both nights with 15 points on Friday and 14 on Saturday.

Squaw Valley Home Wiped Out In Fire

SQUAW VALLEY—Once again shortage of water when and where it was needed proved the deciding factor in fire control when a fire which broke out Saturday afternoon destroyed the home of building contractor Lee Van Wetter in spite of efforts of the Tahoe City Volunteer Fire Department to control it.

The Tahoe City Department arrived at the scene with a 550-gallon tanker full of water which was pumped onto the fire while firemen were hooking up a line to a fire hydrant nearby, said Fire Chief Al Henry. But the hydrant proved to be frozen solid, so when the tanker exhausted its supply there was no more water.

This fire underlines the problem of water supply which limits fire control in most areas in this vicinity. The fire at Cal-Neva Lodge last summer and at Squaw Valley Lodge in the fall required pumping from the convenient swimming pools in both cases. In the first case it was the deciding factor.

The Van Wetter family was away for the weekend, leaving their dog and six pups in the dog house near the main building. Gordon Butterfield and George Boyle carried them to safety.

Avalanche Training Class Held At Summit Resort

An avalanche training program, sponsored by the San Francisco Ski Patrol, will be held at Sugar Bowl on Donner Summit Saturday and Sunday of this week. Manager Walter Haug announced.

On the following Sunday, January 27 the Downhill Only Club of the Wengen races for classes A, B and C will be run on Mount Lincoln and the Sugar Bowl Ski Club championships—a giant slalom open to all members—will be held Saturday, January 26.

Correction

It was Miss Kiersten Kiser and not Mrs. Kiser, as reported in last week's Sierra Sun, who was cited for speeding following an auto accident on State Route 89.

Storm Adds New Snow To Assure Good Area Skiing

The most violent storm of the season, but mild in comparison with the average winter storm in the Sierra, laid down 24 inches of new snow in Truckee and nearly three feet on Donner Summit during the weekend.

Highway 40 over Donner was closed for two hours Sunday afternoon when visibility made driving with safety impossible.

The new snow was just what the resort owners ordered. On top of a good base, the new snow provides ample assurance that the balance of the winter sports season will be excellent.

The U. S. Forest Service reported the 24 inches of snow held 2.61 inches of precipitation to bring the total for January to 3.64 inches. This is 2.25 inches less than the 5.88 January normal.

Local precipitation to date is 11.47 inches, or only 2.67 inches less than the average figure at the end of January, which is 14.14 inches, the forest service reports.

The storm was more or less general and ended a dry period which was the longest since 1850, according to the weather bureau at Sacramento.

Aside from the brief closure of Highway 40 no inconvenience or damage was caused by the storm which came as a welcomed benefit to the entire region.

Clear weather with cold nights and mornings followed the storm.

Budget Contains Funds For Games

The addition of \$2,500,000 to the \$5 million already appropriated for the 1960 Winter Olympics is requested in the budget submitted to the 1957 legislature this week by Gov. Goodwin J. Knight.

The governor recommends that instead of developing a temporary facility for the Olympics, that the state operate a state park in Squaw Valley, site of the 1960 event, on a permanent basis, as a winter sports facility for the public.

He said the park could be operated by the state either directly or through concessionaires.

In his request for permanent facilities, the governor is joined by many other public officials and winter sports enthusiasts and by the National and International Olympics Committees.

Ski lift operators in northern California and Nevada have voiced objection to the state operating the facilities after the Olympics, charging that it puts the state in direct competition to local enterprise. Olympic officials are presently without authority to determine the future of the facilities, but have voiced the belief that the division of beaches and parks will not operate them but will lease the equipment following the games.

First Year Of Great Books Club Will End

The January 23 meeting of the Great Books Discussion Group concludes the first year's readings of the planned six-year program. The assignment for this occasion is the first 114 pages of the Great Books Primer consisting of 14 articles by writers of both the old and new worlds. The subjects covered are "Liberal Education" and "The Uses of Discussion." This meeting will be led by Geri Bean and Roy Baker.

New books for the second year's readings have been ordered in quantity sufficient to rate the reduced price. Members who desire to purchase and own their sets should contact Roy Baker at the library at their earliest convenience.

There is no change in place or time schedule. High school library, 8 p.m. on the second and fourth Wednesdays of each month.

Meeting Called

A meeting of sponsors of organized teen-age clubs in the district will be held at Smart's at 8 p.m., January 24. An open discussion on the best methods of procedure will be headed by Russell York, president of the High School PTA. Anyone interested in the program is invited to attend.

The California Crop and Livestock Reporting is a federal-state cooperative agency.

North Tahoe Votes Bonds To Repair Utility Facilities

Favorable Vote To Provide \$200,000 To Enlarge Sewer Plant

The \$200,000 bond issue to finance improvement and enlargement of the North Tahoe Public Utilities District at Kings Beach carried with more than the required two-thirds majority at the January 15 election.

Mrs. Mandeville, secretary of the district, said that 120 persons voted, with 100 for the measure and 20 against and 24 absentee ballots yet to be counted. Ninety-six votes in the affirmative were needed to pass the bond issue.

The district has also put in for government aid on the project which is scheduled to begin when weather conditions permit, as L. C. Macbee, engineer of Palo Alto has the plans, according to the state outlined requirements for the district.

Chamber To Place Detour Sign Here

A huge directional sign, showing the two proposed detours on Highway 40 during the period of construction between here and the Nevada state line, may be erected in Truckee through the efforts of the Truckee Chamber of Commerce.

Plans for the sign were discussed at a meeting of the directors yesterday at Brown's Cafe with Rex Reid, chamber president, in charge. The sign would show travelers the advantage of going by Lake Tahoe and Mount Rose or through Sierra Valley when lengthy delays are necessary in the construction zone. The sign also would give the time and length of these closures.

A membership drive will be started at a meeting of the directors at Smart's on February 13 at noon. Lee Apple is chairman of the committee and will name teams to conduct the drive.

It was also decided to have committee chairmen present a program prior to the February meeting so that potential members will be advised of the year's agenda. The directors must approve all committee activities.

WEIMAR THANKS VFW FOR CHRISTMAS AID

KINGS BEACH—Pearl Moore, president of the Ladies' Auxiliary to the V.F.W., No. 1077, Lake Tahoe, Crystal Bay, Nevada, received a letter January 5, 1957 for the members of the auxiliary from Harry J. Parsons, medical director. Weimar Joint Sanatorium, Weimar, Calif., for their interest and thoughtfulness which brought a great deal of happiness during the holiday season to the 56 hospitalized youngsters in the TB sanatorium. Members of the auxiliary made and decorated gay bedside "holidays trees" for each child. Each tree contained a toy donated by the group. Adding to the spirit of the project were 60 "story book dolls," for the girls, little or big, donated by a resident of Kings Beach, Mrs. Lloyd Barnham.

Jack Scott McCracken Arrives At Hospital

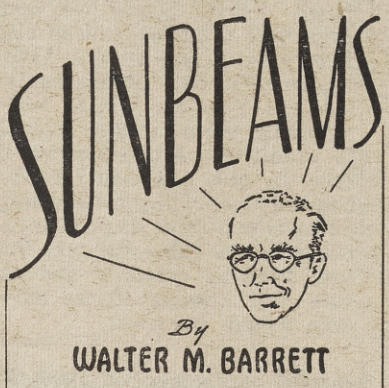

Jack Scott McCracken, eight pounds, 14½ ounces, arrived at the Tahoe Forest Hospital, Sunday, January 13. He will join the family of Mr. and Mrs. Jack H. McCracken of Tahoe City. Dr. L. D. Nelson was in attendance.

TRUCKEE SKI TEAM TAKES THIRD PLACE

RENO—The Reno High School Huskies Saturday won team honors in the Sierra Nevada interscholastic ski season opener at the Reno Ski Bowl.

Second place in the slalom competition went to Lee Vining, with Tahoe-Truckee third. Reno's winning combined time for the two run contest was 427.6 seconds, while Lee Vining registered 440.4 and Tahoe-Truckee 454.2.

Individual honors were topped by Dickie Miller of Lee Vining, followed by Kit Schull of Tahoe-Truckee and John Blavier of Lee Vining.

WALTER M. BARRETT

Voters in the Tahoe-Truckee Unified School District are urged to take time out next Tuesday to vote against a proposition to form a Placer County Junior College district at Auburn.

This newspaper seldom takes issue in a local election, but the proposal is so contrary to our idea of fair play, that we feel we would be remiss in letting the election come and go without a sincere request that every step possible be taken to prevent the inclusion of the local district in the broad plan. We can appreciate the desire of the planners to provide a junior college and we believe they have every right to proceed, but we cannot agree that the eastern section of Placer County and the Truckee, Nevada County, areas should be asked to contribute far more than they can ever hope to receive.

When the North Tahoe and Truckee districts found it necessary to form a school district to provide required facilities for the fast growing, progressive region, they formed a district and included only those areas which would benefit. Then the voters passed a bond issue to provide those facilities and didn't ask help from anyone who wouldn't be helped. We believe that is the fair way to conduct governmental business. Now, however, school officials in the western section of Placer County find they need a new junior college—and maybe they do—but instead of confining the cost to those who are benefitting from such an installation, they spread the base over the entire county and even take in the eastern end of Nevada County. Both the Lake Tahoe and Truckee areas have rather lofty assessment values and will provide a large share of the cost, but it will take a lot of explaining to show us where and how we can ever expect to gain from the excessive tax. It appears very much like a "taxation without representation" deal and we don't like it.

There is an outside chance the issue may be defeated if we can get out a 90 percent vote, so let us try to do that at next Tuesday's election.

CURRAN HOME IS DAMAGED BY FIRE

Seven members of the William Curran family fled their home into the chill midnight air Monday when a fire starting in the basement of the two-story building threatened destruction of the building and filled the rooms with black smoke.

The fire was confined to the basement through the efforts of the Truckee volunteer firemen, who responded to Curran's call for assistance.

An examination of the cause showed that the heat from a fireplace caused a floor joist directly below the fire to ignite, the fire spreading beneath the floor of the living room.

Curran was awakened at midnight to find the house filled with smoke. He aroused other members of the family, including Mrs. Curran, their four daughters and Mrs. Curran's father. Not knowing the seriousness of the situation, the family took no time to dress and fled in night clothing. The smoke for some time prevented them from re-entering the dwelling.

The extent of the loss, expected to be rather large, was not immediately learned.

OUTDOOR SPORTSMEN DISCUSS FISH SEASON

Meeting at Capitol Hill Friday night members of the Truckee Outdoor Sportsmen discussed at some length the possibility that the state fish and game commission will not accept their recommendation to withdraw the current restriction on bait fishing along seven miles of the Truckee river.

The sportsmen agreed that if any portion of the river must be reserved for exclusive fly fishing the commission should take some portion of the stream below Hirschdale and west of the Nevada state line. This area, they pointed out, not only provides excellent fly fishing, but is less accessible than any section west of Hirschdale.

Charles Osburn, acting president, presided at the meeting and declared that while the sportsmen are opposed to any portion of the river being restricted, they will continue to fight to have the area from Truckee to Boca reopened for all types of legal fishing.

JOHNSON HEADING STATE COMMITTEE

SACRAMENTO (CNS)—State Senator Harold T. Johnson, representing Nevada County in the upper house, will serve as chairman of the committee on natural resources at this session, Senator Hugh M. Burns, president pro tem, announced.

In addition to the chairmanship, Senator Johnson is on the following committees: Education, governmental efficiency, labor, and transportation.

BESIOS ON BUSINESS

Mr. and Mrs. Angelo Besio of Besio's Apparel Shop were business visitors at San Francisco and Sacramento last week.

A collection of photographs made by Willard E. Worden during the 1906 earthquake and fire at San Francisco is on exhibit in the Wells Fargo history room.

Bill Introduced To Provide Highway For Emerald Bay

El Dorado Senator Offers Bill To Construct Tahoe Road

Senator Swift Berry, Placerville, introduced legislation authorizing the re-routing of State Highway 38 around the west end of Lake Tahoe.

The bill did not enter the controversy over whether the bridge over Emerald Bay should be high or low level, but Berry commented:

"I have enough confidence in the state highway commission and the department of public works to believe we will get an all-weather low-level bridge."

A companion bill introduced by Berry would appropriate \$2 million from the state investment fund to pay for the portion of the project that would pass through Emerald Bay and D. L. Bliss State Park. The rest of the work would be done with state highway funds, he said.

Opponents of the low-level structure have argued that it would detract from the scenic beauty of Emerald Bay.

CURRAN HOME IS DAMAGED BY FIRE

Seven members of the William Curran family fled their home into the chill midnight air Monday when a fire starting in the basement of the two-story building threatened destruction of the building and filled the rooms with black smoke.

The fire was confined to the basement through the efforts of the Truckee volunteer firemen, who responded to Curran's call for assistance.

An examination of the cause showed that the heat from a fireplace caused a floor joist directly below the fire to ignite, the fire spreading beneath the floor of the living room.

Curran was awakened at midnight to find the house filled with smoke. He aroused other members of the family, including Mrs. Curran, their four daughters and Mrs. Curran's father. Not knowing the seriousness of the situation, the family took no time to dress and fled in night clothing. The smoke for some time prevented them from re-entering the dwelling.

The extent of the loss, expected to be rather large, was not immediately learned.

OUTDOOR SPORTSMEN DISCUSS FISH SEASON

Meeting at Capitol Hill Friday night members of the Truckee Outdoor Sportsmen discussed at some length the possibility that the state fish and game commission will not accept their recommendation to withdraw the current restriction on bait fishing along seven miles of the Truckee river.

The sportsmen agreed that if any portion of the river must be reserved for exclusive fly fishing the commission should take some portion of the stream below Hirschdale and west of the Nevada state line. March Of Dimes Is Under Way Here To Aid Polio Fight

The annual March of Dimes program in the Truckee area got away to a belated start this year but is now in full swing.

Chairman Roy Waters said the delay was caused through no fault of the local committee, but supplies and containers were not sent from the county headquarters. Waters last week made a special trip to secure the necessary equipment.

The coin containers are now placed at convenient locations throughout town and a series of programs, designed to raise money for the worthy cause are being planned by the chairman.

"While the Salk vaccine has gone a long way toward the control of infantile paralysis," Waters declared, "there are still thousands of youngsters as well as adults who are almost entirely dependent upon the efforts of the National Foundation for assistance and these people must not be forgotten."

Post Office Shows Gain During Year

The Truckee Postoffice showed its usual healthy gain during 1956, a report by Postmaster E. C. Bavier shows.

Stamp sales went from \$20,743.93 in 1955 to \$21,132.36 in 1956 for a gain of \$388.43. Money orders written also showed a slight gain, the 1956 figure being \$205,820, compared to \$204,012.80 for 1955.

An impressive record of growth and improvement in postal service in California, Nevada and Hawaii was made during calendar year 1956, Postoffice Department Regional Director Verne Scoggins said in releasing statistics for the year.

Scoggins said this is the first time regional figures could be compiled in comparison with a previous year since last year was the second full year of regionalized postal management in the area which has nearly 1600 postoffices.

Total receipts during 1956 were \$223,760,000, a gain of 6.02 percent, or \$12.7 million over 1955. The number of postal employees used to handle the steadily growing volume of mail increased by 243 during the year. The region now has 44,443 employees who were paid \$193,666,000.

Mrs. Reid Is Installed As Head Of Lodge Here

Mrs. Rex Reid was installed as noble grand of Naomi Rebekah Lodge, No. 2, Wednesday night with Mrs. Janet Wortell, district deputy president, conducting the ritual. Other new officers taking their chairs are: Mrs. Ben King, vice grand; Mrs. Robert Bick, secretary; Mrs. Rex Thomas, treasurer; Mrs. Kathy Gaul, financial secretary; Mrs. Dorothy Slack, wardens; Janet Franklin, conductor; Mrs. Ruth Gross, chaplain; Mrs. Chas. Heller, outside guardian; Mrs. Paul Capel, inside guardian; Mrs. A. Mori, rs and Mrs. E. Single, ls of the vice grand; Mrs. Chas. Vind, rs and Mrs. M. Avila ls of the noble grand. Supporters for the chaplain are Mesdames C. Allison, M. E. Maxey.

Mrs. Laura Horman presided at the meeting attended also by Margaret Doolin and other members from Dutch Flat. A drill was given in honor of the occasion. Other visitors were Mesdames T. Lyon, William Scuitto, and Bernice Smith.

Refreshments were served during the social hour by Mrs. Franklin and Mrs. Gaul.

McGihon Heads Local Dancing Organization

Darol McGihon, the new president of the Donner Dancers presided at the session Friday night which included a potluck supper, attended by more than 30 members and guests.

Joe Straub is secretary for the coming year, Jack deRyk holding the office of treasurer.

Wyethia Luncheon

Members of the Wyethia Club will attend a one o'clock luncheon meeting to be held in Brown's Restaurant January 23.

Mrs. E. Welch is in charge of arrangements and reservations may be made at Cabona's Store.

Mrs. C. Allison, vice president of the club will preside.

"No" Vote Urged At Election For Placer JC Tuesday

Local Organizations Ask For Big Turnout At Polls Tuesday

Voters are being asked to go to the polls Tuesday when an election will be held throughout the Tahoe-Truckee Unified District to determine whether or not a Placer County Junior College District shall be formed. Since this district will be required to pay a large share of the cost with very little return, local organizations, including the High School PTA, headed by Russell York, are urging a big turnout of "NO" voters.

Placer County Superintendent of Schools Albert F. Bequette Monday night told the residents of the Tahoe-Truckee Unified School District that there is no way the district can stay out of the proposed Placer Junior College District except by a county-wide defeat of the proposal at next Tuesday's election.

"With the \$22,000,000 of assessed valuation in the Tahoe-Truckee district the proposal is financially sound," he said, "and once the new college is built it probably can expand as the need arises without further bonded indebtedness."

Leonard Bury of Tahoe City, expressed widespread local views when he described the proposed district as being of great help to the Placer Union High School district at the expense of outlying districts.

"We can recognize that Placer Union could use the space now occupied by their junior college for high school expansion," he declared, "but who is going to help us pay for the new classrooms we need?"

Superintendent John Corbin outlining the immediate needs of the Tahoe-Truckee system, released figures which show a 16 percent growth in school attendance this year and a conservative estimate of 20 percent over that next year, 25 percent in 1958, and a 30 percent in 1959-60 for a total increase of 150 percent in four years.

Describing the growth of school population in the whole of California as a major problem, Bequette reported that when he took the Placer County job 10 years ago there were 3175 students in the county. "There are now 11,000 students in the areas of the four high school districts," he said.

"I predict that in another five years this same area will be providing schooling for 22,000 just double what it is today," he concluded.

KINGS BEACH—The Kings Beach Community Club plans to conduct a house to house telephone and mail campaign to oppose the formation of the proposed Placer Junior College District.

The action was decided by the club Wednesday night after Steve Port, president, cited figures he said prove that while the Tahoe-Truckee Unified School District would provide about one-twenty-fifth of the number of students it would pay one-fifth of the cost.

Albert Bequette, Placer County superintendent of schools, advised the Sierra Sun yesterday that he had secured an answer to a question which he was not able to immediately answer at Monday night's meeting relative to the formation of a junior college.

The question was whether or not it would be possible for this region to form its own junior college in the future and what the requirements are for such an establishment. Bequette said he had conferred with state school officials and had been advised that an assessed valuation of at least \$100,000,000 and an enrollment of 400 students are the rule set by the state.

Linda Giovannoni To Head Girl Scout Troop

Linda Giovannoni was elected president of Donner Troop, No. 3, Girl Scouts, at a meeting held Tuesday afternoon at Veterans Memorial Hall. Marcia Leamon was selected as secretary, Donna Reynolds as treasurer and Judy Giovannoni will act as publicity director.

Membership in the Junior Audubon Society was acknowledged, this participation being financed by the Wyethia Women's Club.

Change Announced In Mail Time At Postoffice

In the future, for a month at least, mail will be distributed to boxes at the local postoffice up to 9 or 9:30 instead of between 7 and 8. Postmaster E. C. Bavier announced. The new schedule starts January 28.

It was also announced that the office will close at 5:50 instead of 6 p.m. to give the clerks a chance to dispatch the mail by 6 in the evening.

The new hours are on a trial basis and if found satisfactory, will be continued indefinitely.

Seniors Finish Term Papers
Twenty-four seniors have been composing term papers about California. The two main purposes of these term papers are: (1) to learn about California and (2) to gain

experience in writing research papers that can be used in college work. They are Linda Loynd, biography of John C. Bidwell; Jo Ann Palmer, San Francisco; Carol Street, the physical geology of California; Karen Decker, John Augustus Sutter; Bob Armstrong, Sacramento City; Wes Ball, bridges of San Francisco and Bay area; Doug Cooke, San Francisco; Bob

NEWS NOTES FROM TAHOE

By Naomi McLane
P. O. Box 195, Tahome

Vote Tuesday

Tuesday, January 22 is the day to vote on formation of the proposed junior college district. As a rule we are for any thing which will better educational opportunities for our kids but this proposal is not among those. If this proposed district passes we cannot ever have a junior college closer than Auburn and we also have to support it heavily although only 17 students from our schools will be attending there in 1960, according to county board of education figures. By now you should have received or you will receive material put out by a joint committee from Kings Beach, Tahoe City and Truckee. Read it carefully and then vote NO. Enough of my advice, even though it's good!

Heuga, earthquake of 1906; Ken Lavery, early California history; Janice Mandeville, national forests; Judy O'Neill, Charles Fremont; Nikki Ann Wing, University of California; Harry Woodward, Lola Montez; Sonja Schmidt, Yosemite; Anita Antillon, lakes of the Sierras; Jackie Abbott, Gold Rush; Marilyn Brown, cattle raising; Jerry Browne, Leland Stanford; Rosalie Christensen, lakes of Sierra; Rosalie Kaspian, Constitutional Convention of 1959; Nelda Stone, five men that changed California history; Kirby Kiser, the 49'ers; Bob Trask, Death Valley; Jude' Commagere, Mark Twain.

Frank Ratliff feels that the seniors have done a good job on their term papers. During the next semester they will undertake social and world problems.

Wolverette Slowly Recovers
Janice Mandeville, a very active student at TnT was momentarily slowed down by breaking her ankle. This made her fourth breakage of the same ankle. Saturday, January 5, the cast was removed and x-rays taken. During the weeks she wore her cast she attended all basketball games, giving the teams her full support. TnTers wish to thank her for her endless spirit and a lesson she has taught us and hope her ankle will be completely healed very soon.

A Brighter TnT
During the holiday vacation our maintenance workers were busy painting, polishing and cleaning TnT. The floors are scrubbed and waxed, desks are spotless, a new trim of mint green has been added and our pride and joy, the gymnasium floor is glistening. We would like to show our appreciation to those who have shown a great interest in TnT's appearance by saying thank you and by being careful to preserve the work they have done.

Uniforms
Our varsity head cheerleader, Karen Decker, has been working very hard, buying material, patterns, and securing a talented seamstress, to make the four new cheerleading uniforms. At our rally, Friday 11, we received the first view of the finished product, and I'm sure all will agree they are something to be proud of. The art of cheerleading itself is not an easy job. It takes team work, ability, hard work, time and above all spirit. Our cheerleaders have these qualifications, but they need assistance from us. Let's make a resolution to display the best spirit, sportsmanship and work with our leaders. Many thanks again to Block T for their donation and help in making the new uniforms possible.

To you, the parents, we extend a lasting invitation to attend our games and support our teams.

New Tax Coming
Despite the quick action of the Tahoe City Fire Department—they were at the site of the fire within 10 minutes after receiving a call—the Van Wetter home in Squaw Valley was completely destroyed by fire Saturday afternoon. The Van Wetters were away for several days so no one was at home to be injured or to know the cause of the fire. George Boyle and Gordie Butterfield rescued the family dog and her six young puppies from the close-by dog house. If no one was cheering then we are now. Trouble with the only close fire hydrant gives one more reason to vote NO on the junior college district because the Truckee-Tahoe areas are going to have other tax districts to support in the very near future, water and sewage disposal being acute present problems.

PTA Panel
The Tahoe Lake PTA evening panel discussion scheduled for January 24 has been more fully worked out. The panel subject, "Let's Study the Three R's," will be discussed by the people most involved, the children themselves. Mrs. Lillian Farr announces that the panel probably will consist of the following representatives of their grades: Second, Lynn Harper; third, Pat Dempsey; fourth, Don Bury and Jeff Hewitt; fifth, Sharon Abrahamian; sixth, Mike Wright and Sandy Fellows. Lynn Kishbaugh will be a featured guest and Mr. and Mrs. Walter M. Barrett have also been invited to attend. Speaking of PTA brings another reason to mind for a NO vote on the forming of the junior college district. At least 16 new classrooms are needed for the schools. We need our school money to be used at home.

Ski Club Meets
A well-attended Ski Club meeting was called to order by President Blanche Donaldson. Ray Fellows, chairman of junior activities, gave a brief resume of the meet at Mammoth where three of our members took first place in their classes: Sandy Fellows, Greg Moore, and Jimmie Huega. Free skiing instruction will continue to be given to club member children each Sunday afternoon at Granil-bakken.

Jack Starratt, co-chairman of competitions, announced that any persons interested in gate and time keeping for the 1960 Olympics should sign up now with him for the training of personnel which will be necessary. This training is getting underway now and will continue each season until the games.

Birthday Slalom
Jean Hansen announced the seventh Birthday Slalom which will be held at Squaw Valley on Sunday, January 20. (Two days before voting NO on the junior college district.) This same weekend will see the juniors at Yosemite where they will take part in a point race at Badger Pass. The Birthday Slalom is open to all seniors who care to take part. The next meeting of the Ski Club will be January 25 at the Community Hall at 8 p.m.

To Lodi
Mr. and Mrs. William Hunter of Bacchi's Inn in Lake Forest left this week to spend two months or so in Lodi. They will re-open the inn upon their return.

Return Home
Mr. and Mrs. Ernest LePire returned this week from their extended visit to the midwest.

Out Of Hospital
Pete Huega, we are happy to report, is home this week from a short stay at Tahoe Forest Hospital.

Feels Better
Jack Stowe of the Tahoe State Park has been under the weather but is feeling better.

Attend Funeral
Mrs. A. A. Snyder and her son, Bob, left Saturday to attend the

funeral of Mrs. Snyder's brother, William Brown, who died at his home in Ashland, Ore. The two had made the trip earlier this year when Brown had a heart attack so the death was not entirely unexpected. Bob and his mother will return this week.

Classes Start
School ski classes have begun with a fine pack of snow to work on. Bud Jones and Terry Tollefson are instructors. Most of the time I like being told being how old I am but when I see the little first graders learning to ski I would like to drop a lot of years just for that.

Rotary Meeting
Rotary held its regular meeting Tuesday night at the Tahoe Inn with President Steve Korich presiding. Eighteen members were present. Plans were made for ladies' night to be held Tuesday night. (After voting NO on the junior college district) January 22 at the inn. Don Snyder was ap-

pointed chairman for arrangements and program.

Need To Cooperate
I have had fun joking but being serious too about the formation of a junior college district. Even if our side loses there has been real value in the getting together of the three communities of Kings Beach, Tahoe City, and Truckee. Any real and permanent growth for this area can only come about if the three do get together. Our needs and desires are all closely intertwined.

Receives Fees
SACRAMENTO (CNS)—Nevada county received \$6,676.98 as its share of \$3,554,101 in motor vehicle license fee revenue from June 1 through November 30, 1956, Robert C. Kirkwood, state controller, announced today.

By JUDGE HARRY CHARRISON

Polio Shots

As far as the V.F.W. is concerned, that is the boys that did such a tremendous job of making sure that all persons up to 50 years of age had the opportunity to get shot with the vaccine in the Kings Beach, Crystal Bay, Tahoe City area there were no less than 175 took advantage of free vaccine through the V.F.W. headed by Mike Kornazovich, Wiley Jones, Max Springer, Dr. Allen Sklar and Dr. Walton Prescott. All of these citizens deserve a whole lot of credit for the important part played in this business. At Tahoe City last week Dr. Prescott was assisted by Audrey Welch, nurse, and Mike Cinani, nurse, and Minnie Wagner worked with them and 68 shots were given. Gene Antonson, Bob Moore were also on hand to assist. Max Springer took many pictures of the work in progress.

Wiley Jones says now he can relax, but I don't think he can through this month dedicated to the March of Dimes. We are all hoping that they will far surpass that of last year, but the boys and girls of the V.F.W. will need all the help we can give them.

Back Home

Little Miss Debbie Sipes had a very exciting trip down to Santa Monica to see grandma and all of her other relatives, but she came home with a nasty cold, and then her pop was not satisfied, he had to get one for himself and was away from the shop for a day or two.

Another Break, Wrong Kind

Glad to know that Barto Barnett is at home recuperating from a broken foot, just as though he didn't have long enough on crutches over a year ago. Then it was skiing that did it, but this time he was in an auto accident.

Mexico Trip

Carol Howard, our postmaster, informs me that Tom and Wilma left Kings Beach for Fresno and

after a short stay met the Andy Andersons of Tahoe Vista and they all flew to Las Siesta, Mexico.

Weather And Ski Reports

At last, through the efforts of Fred Schultz, president of Lake Tahoe Sierra Chamber of Commerce and Ed Jeffries, a Sacramento newscaster, which comes over Channel 3 at 5:30 p.m. weekdays, a correct weather and ski report of conditions at each ski resort through the district is heard. For the past few years reports of the conditions have been very misleading, thereby doing harm to the resorts and motel owners. We certainly give credit to Fred for the part he played in making this possible. Oh, by the way, Fred also gives reports over 1320 on your radio dial, in person, too.

Sunday, Too

Imagine, snowing like the dickens, and there goes Ivan Parr off to load his big truck with furniture, and take off to Sacramento, which he says is a must.

Welcome Guests

Mr. and Mrs. Brodeur, mother and

father of Barbara Bergman and Beverly Newell of Kings Beach, are visiting here. The delightful couple is originally from Manitoba, Canada, and it so happens that they know many people in Winnipig that my wife and I were acquainted with. They are now living in San Leandro. While they were here they were guests of the V.F.W. as they are past commander and president respectively of Post Office Post, No. 2611.

Moved Out

Now it's the Harold Barnums that have traded or sold their homes on Bear street for a couple of places in Sacramento. We sure the young couple the best of luck. The new owners are Mr. and Mrs. Knight, but, more news of them later.

Getting Better

According to Charlie Cagle Richard, his son, who has been in the hospital at Weimar is improving some, but will be there for another month. We are hoping that he will be well improved by the time he gets home.

Old-Timer

Our old friend, Jack Judy, one of our old-time friends, is wintering down at Niland near the Salton Sea. His family visited him over the holidays and they report that Jack is doing just fine.

Happy Birthday

Well, Arthur Waddell is getting to be quite an old man—January 14—but the day was celebrated last Saturday so that his young friends could attend this important occasion, his ninth birthday. Mrs. Corbin's class were among the guests, and one special guest was David Mills from South Tahoe. I can tell you there was so much fun that Art will remember that day for a long time.

Low Twelve

About 40 members of the Low Twelve met for dinner at the Crystal Bay Club last Friday night. Fun was the main thing, with some new fangled games on the menu as well as a delightful dinner.

Out For A While

Dr. William F. Henry of Tahoe

NEW SKI REPORTING SERVICE STARTED

SODA SPRINGS—A new reporting service for information on highway and weather conditions in the Sierra has been announced by Milt Hogle, president of the Northern California and Nevada Ski Tow Operators Association.

The project has been organized by the lift operators in cooperation with the California Automobile Association, which will issue reports daily and when necessary hourly through its 16 branch offices in Northern California.

Reports are to be telephoned each morning to auto association headquarters in San Francisco and in turn relayed by teletype to other cities.

During stormy weather the service is to include detailed reporting on chain control points, the times they are established and when discontinued.

LAKE LEVEL
TAHOE CITY—The level of Lake Tahoe Monday was 6227.66 feet with 253 cfs of water leaving the gates. Although 34 inches of snow has fallen since January 8, there were only 24 inches on the ground at Tahoe City Monday. Precipitation since the eighth totaled 3.55 inches, Art Frodenberg, cooperative observer, announced.

The sailing ship Balclutha at Pier 43 in San Francisco made her final voyage in the Alaska trade in 1930.

Tahoe-Truckee School District News

KINGS BEACH SCHOOL
Kindergarten and First Grade: (Teacher, Elrose Knudsen.) On Monday, classes resumed after two weeks vacation for the holidays.

Mickie Lou Bailey is no longer with us. Mickie Lou and her family moved to Los Angeles shortly after Christmas.

Tommy Barnum and his family are moving to Sacramento this weekend.

Patty Bervid has re-entered

Kings Beach School after being in Los Angeles for several months.

This week new readers are going to Diana Astle, Patty Bervid, Jeff Graundeman, Aaron Hibel and Mary Olinghouse.

Next week, our bus driver, Chris Christiansen, will conduct a safety program in regards to bus conduct and safety.

Second and Third Grade: (Teacher, Katherine Wing.) Carol Lee Corbin brought an album of records for us to enjoy.

Cathy Rockholm and Chris Alt-hof donated storybooks to our class.

Wendy Howell brought three records.

Third and Fourth Grade: (Teacher, Dorothy Corbin.) We lost three

students during the vacation. They are Laura Tuttle who moved to Placerville, Gail Fitzgerald who went to San Francisco, and Kathy Gorin who left for San Jose. Nancy Bervid enrolled Monday from Los Angeles.

In social studies we are studying about the California Missions.

Fifth and Sixth Grade: (Teacher, Raymond Bisio.) Skiing instruction has started under the direction of Bud Jones and Terry Tollefson. Children who made the intermediate class were Kris Felte, Gary Wing, Larry Mandeville, Klitzie and Daryl Brooks. Skiing instruction for beginners is held every Wednesday.

The Anderson twins, Barry and Larry, returned after transferring to another district.

Mr. Frank Wagner, the county road man, has again plowed out the school ground. We would like to thank him for his work.

TRUCKEE ELEMENTARY
Kindergarten: (Teacher, Dee Osborn.) We started the New Year with two new class members. They are Terry Higgins, formerly of Sparks, and Jack Mitchell, who moved to Truckee from Grass Valley.

We had a birthday party this week in honor of Brian Smart and David Capel. They are now six years old. Just before the Christmas vacation we celebrated the sixth birthday of Michael Bellotti and George Franceschini.

First Grade: (Teacher, Helen Camp.) David Higgins from Reno has joined our class.

We miss Peggy Trujillo and Phillip Medina, who have been ill all week.

First Grade: (Teacher, Ruth Croxson.) Our class started a new unit this week. So far Beverly King, Marion Ayala, and Karin Meixner contributed material for the unit.

The school ski program starts Monday, January 14. The following people are participating in the

program. Bruce and Marion Ayala, Pamela Horman, Barry Waters, John McGlade, Linda Russell, Dicky Daniels and Michael Kydd.

Second Grade: Teacher, Helen Trask.) We have started studying about our community in social studies. Ronnie Walker told about the clothing store, Gary Waters the expressman, Karen Hedlund the breadman, Mary Ann Moore the dentist, Russell Glenn the shoe repair man, Bill Waters the power man, Jack Englehart and Susie Olano the school, and Gary Kehm the church.

In spelling those receiving 100 were Bill Waters, Russell Glenn, Kathy Braasch, Gail Englehart, Susie Olano, Bruce King, Rhonda Manley, Karen Hedlund, Sandy Miller, Gary Waters, Donny White-neck, Timmy McLane, Jack Melugin, Len Vind, Raymond Fitzsimmons, and Frances Barrett.

Third Grade: (Teacher, Arlene Roth.) New class officers for the month of January are John Besio, president; Betty Saarni, vice president; Clydene Strickler, secretary; and Eileen Olson, treasurer.

Interesting pictures for our communication bulletin board were made by Charles Hintz, Larry Digesti, Karen Walker, Candy Hamilton, Fosten Wilson and Ricky Ralphs.

Fourth Grade: (Teacher, John Stever.) Starting off the new year in good style, the fourth graders elected Eddie King, Judy McGinn and David Sorani to offices of chairman, co-chairman and secretary, respectively. During vacation several members, Donnie Thomas, Gloria Jean Boyer, Linda Banyard, Danny Garcia, Jimmy Roth, Wade Mosby, were privileged to take trips out of state. Those of us who stayed in Truckee enjoyed the beautiful weather that allowed many ice skates to be put to use. Among the more dashing skaters were Linda Banyard and Nancy Barth.

Various aspects of the lunch program were most ably handled by Greg York, Peggy Berger, Jimmy Roth, David Fordham, Gary Jensen. We welcomed a new member, Ramsay Mitchell, formerly of Grass Valley, into the class on opening day after vacation. With the members of the class becoming quite a choir group, the results that the choir master, David Sorani, is producing are most interesting and surprising to us all.

Fifth Grade: (Teacher, Olia Tiff-fee.) The people who made a grade of 100 percent in spelling are: Barbara Croxson, Ronald Brown, Kenneth Stumbaugh, Jimmy Randall, Chuck Hill, Bonnie Fair, Steve Besio, Bobby Frates, Susanna Sciutto, Leilani Braasch, Bruce Strickler, Richard Saroni and Daryl Androus.

In the class election, Richard Saroni was again elected president, Susanna Sciutto was elected vice president and Bonnie Fair was elected secretary and treasurer.

Sixth Grade: (Teacher, Ruth Robertson.) The sixth grade has received a new pupil, Sharon Robinson.

We are now working with unlike fractions in arithmetic. After an introduction to this manipulation, we will review long division processes.

DONNER TRAIL SCHOOL
Kindergarten, First and Second Grades: (Teacher, Jeanne Kessey.) The children in the primary grades at Donner Trail School are getting "back" into the swing of school life.

We all miss two of our friends, Lynn Aro is recuperating after having her tonsils removed and Wally Carrasco has moved away. Debby Zorich is excited about her new brother, Tommy, who was born on Christmas Day.

The new readers in our class, Nancy Burchfield, Rowena Bailey, Lynn Aro and Eddie Timmons are proudly on their way into their second book.

The older children, Barry Cardwell, Richard Bartuccio, Linda

Hensley, Roberta Kisor and Pat Merica, are now reading in "Happy Times."

Third, Fourth, Fifth and Sixth Grades: (Teacher, Robert Bailey.) We are having daily studies on the problem of waste. The result has been the formation of a special class-office called secretary of conservation. This post is presently held by Carl Shusky, who is now responsible for making thrift work on a day to day basis at Donner Trail. Carl has appointed one student from each grade to see that waste is reduced at their grade level. For the next two weeks, Leonard Watts, Candy Board, Howell Burchfield and Laurel Mason will help Carl keep down waste within the class.

TAHOE LAKE SCHOOL
Kindergarten and First Grade: (Teacher, Geraldine Bean.) Back to classes—what a great vacation, good for both teachers and students.

Perfect scores on vocabulary tests were made by Ruth Ann Dunn, Breezie Cross, Denise Henriksen, Bro. Shontz, Dianne McBride and Erik Henriksen.

First and Second Grade: (Teacher, Solvig Beavers.) In the first grade this week we have noted how much we have improved in learning how to get along with our friends and neighbors in school.

Star papers this week in writing were made by Kim Marvin, Tommy Barr, Vicki Jones, John Carnell and Chris Beavers.

Third and Fourth Grade: (Teacher, Lillian Farr.) The third grade finished the unit on early air travel with a reading of the Wright brothers and research on air flight sketches of Leonardo Da Vinci made in flight.

Fifth and Sixth Grade: (Teacher, Helen Rauscher.) The fifth and sixth grades have started a new science unit showing the place of the earth in the universe. Danny Connors, Mike Marvin and Sandy Fellows reported on the earth's relation to the stars.

NOTICE OF HEARING

on
PETITION FOR ANNEXATION TO
TRUCKEE SANITARY DISTRICT

NOTICE IS HEREBY GIVEN that the Board of Directors of Truckee Sanitary District, on Tuesday, the 29th day of January, 1957, at the hour of 7:00 o'clock P.M. of said day, at Justice Court, Truckee, Nevada County, California, will hold a public hearing upon a petition for annexation heretofore filed with said Board;

The territory proposed to be annexed is situated in the County of Nevada, State of California, and more particularly described as follows:

All that territory lying with the following described bounds, outside the bounds of the existing District and contiguous thereto;

Commencing at the point of intersection of the north-south center line of Section 14, Township 17 north, Range 16 east MDB&M, with the boundary line common to Placer and Nevada Counties, (being the south quarter corner of said Section 14) running thence northerly along said north-south center line, 7920 feet more or less to the center of Section 11; thence westerly along the east-west center lines common to Sections 11, 10 and 9, 10560 feet more or less to the center of Section 9; thence southerly along the north-south center line common to Sections 9 and 16, 7920 feet more or less to the southern quarter corner in said Section 16 (being the point of intersection of said north-south center line with the boundary line common to Placer and Nevada Counties); thence easterly along the southern boundaries of Sections 16, 15 and 14, 10560 feet more or less to the point of beginning, all in Township 17 north, Range 16 east, MDB&M.

All persons interested in said proposed annexation may appear at said meeting and be heard.

DATED: January 15, 1957.

The U. S. Department of Agriculture has announced 1956 farm crops in the nation had a value of \$18,973,732,000.

The Grass Valley-Nevada City district contains the two largest and most productive lode-gold mines in California.

STRICTLY STRICKLAND

By Bill Strickland

The local businesses and individuals on our Mountain Top haven't received the publicity they deserve these past few weeks, because of other necessary commitments, but even though some of these items are late, perhaps they will still be of interest.

For the first time that we can ever remember, the ski crowd arrived for Christmas and New Years weeks, and even though all the areas were suffering from a shortage of snow, and some with practically none at all, the cancellations were almost non-existent. Our Mountain Top guests evidently made up their minds they were going to take their 10-day vacations regardless. As a result, all of the lodges carried out their plans for entertainment, and played it clear to the hilt.

Fran Couillard's crew at Donner Summit Lodge put in a 10-day work period that caused them all to take a deep breath and pitch in again day after day for all of the holiday period. Fran has the nucleus of her crew of last year, which makes it very pleasant for the arriving guests. March Finch who has been on the Mountain Top for quite a few years now is holding down the Fireside room. Peggy Travis will greet you at the front desk when you arrive, and let me tell you, Peg has made friends with, and knows many hundreds

of our regular Mountain Top visitors. Fran, of course, is all over the place. This gal has done a terrific job of literally pulling the place up by its bootstraps. As a result of a lot of hard work, planning, and publicity, Donner Summit Lodge is now enjoying one of its most successful years, and this without the benefit of too much snow.

Charlie Secco of Crest Lodge has completed another men's dorm and now has room for 104 overnight guests. Here again, a lot of hard work is beginning to get results—and pay off. Charlie has quite a bit of heavy equipment including a cat and dozer.

Brant, Doris and Bob Chaplin have returned to operate the Soda Springs Hotel. They have Milt Barrows managing it for them this year. A couple years ago Milt was at Beacon Hill Lodge.

Ralph Rowton is right back in the groove and has Harry Tackett for his right hand assistant at the Chevron State. Harry was here a couple years ago before he took

off for Montana and way points.

Lots of activity out on the Soda Springs Ski Hill. What with all the improvements and changes. The Old Forker Tree rope tow hill supplied excellent skiing all during the holidays.

The Soda Springs Ski School this year has a roster of instructors a mile long. Jim Winthers, head instructor, Edvi Aro, John Johansen, Lee Yip, Jerry Mikacich, Dave McGuire, Biff Buckaloo, Bill Pritchard, Margie Cranston, Karen Sharick, Teddy Cantanho and Herman Schmidt—some lineup, isn't it? Herm Schmidt is actually the only newcomer to the mountain—he has had five years of experience teaching at Salsburg. He is here studying electrical engineering at Stanford on a Fullbright Scholarship. Welcome to our Mountain Top, Herm!

The Donner Ski Ranch had one of its best beginnings in many years. As we've done every year for longer than we care to remember, we toured again this year on New Years eve, and, believe me, when we arrived at the Ski Ranch we thought it was going to come apart at the seams. Tony and Hannah Richter, who are managing it for their second year, were certainly in their glory, greeting hordes of old friends, and making lots of new friends. The lodge was absolutely spotless, and by nine o'clock it was jammed with revelers. We saw a lot of our friends from the Peninsula, Viking, Alpineer and Oakland Ski Clubs—as well as the many, who like ourselves were making the tour. I'm very happy to now report that our Mountain Top was covered with a nice blanket of snow.

The Ski Ranch School is directed again this year by Bud Zorich, assisting him will be Bob Cameron, Jimmy Morhain and Bob Brelsford. Bob Cameron is a member of the Peninsula Ski Club. Jim is well known to all our local and Truckee residents, he also being District Governor of the 20-30's. Bob Brelsford has been certified for many years. He was on the Yosemite Teaching Staff for about 10 years.

Bud and Barbara Zorich are also the parents of a brand new baby boy—Tommy Joe, by name. Young Tom checked in Christmas Day, so that was really a Christmas present. A few days later our mountain small fry were invited to attend a birthday party for daughter, Debbie, who was celebrating her seventh birthday.

By the time you read this, we'll be trying out Yosemite's downhill and slalom courses for the Junior point race. We aim to close the gap on Mammoth Mountain Ski

Club's team lead. Maybe we'll even pass them. Dennis Hogan has an excellent chance of taking the lead in point standings for the Junior National team. He's now second with 15 points. Ronnie Rau, if he is on his stick, could very well take all the marbles, so don't be surprised if he does just that. He is now seventh in the point ranking with seven points. Jim Harris with two weeks of practice under his belt could get on the board in either downhill or slalom or both. If they had jumping and cross-country in these Junior meets, he'd be a sure-fire cinch. Anyway we're looking forward to a big weekend.

Knight Does Not Ask For License Increases

Governor Knight told the legislature he does not advocate or propose any increase in California fish and game license fees at this time.

In his address on opening day of the legislature, Knight said, however:

"I would be remiss if I did not point out that the urgent need for fish and game services apparently is increasing at a rate greater than the increasing volume of license sales can accommodate."

TRUCKEE TIDBITS

By SWANEE
(Phone Truckee 188)

Two Truckee couples enjoyed a gala vacation recently when they motored over 1600 miles in a week's time, every moment a thrill. Mr. and Mrs. Jack Ellis of Truckee, flew to San Francisco on January 3rd, where they met Mr. and Mrs. Jack Neugebauer, the party spending the night in the city by the Golden Gate. Next day it was on to Pebble Beach where they were guests at the Lodge and took advantage of the excellent golf courses at Cypress Point and Del Monte. Then they took the ocean route to Oakmont Country Club at Glendale where they were joined by M. O. Johnston and son, Warren. The Johnstons have a summer home on the lake in the Timberland Tract at Lake Tahoe. The Johnstons were their hosts the following day at the Beachcomber's Club in Hollywood. Then the party visited Republic Studios where filming of four different pictures was in progress. After this it was on to the Desert Inn at Las Vegas where they were

more fortunate than some visitors, coming home with the wherewithal for some new shirts, instead of losing their own. The weatherman was most considerate sending the rainy spells while they drove, and ordering sunny weather for their golfing sessions. They arrived back in Truckee on January 9, a tired but happy quartet.

Another Truckee couple visiting Las Vegas recently were Mr. and Mrs. William Curran who motored down for three days, enjoying their first sightseeing trip of the desert and Death Valley enroute. While in the vicinity they visited the place of Willie's birth, Tonopah, and he even located the house where he was born on Bryan street, although he left at a very tender age.

Wilana Curran passed her 10th birthday on January 5, and a pretty cake and ice cream were enjoyed in the evening. She spent part of her vacation at the home of her maternal grandmother, Mrs. William Pendergrast of Reno, while Kathy and Shirley were guests of paternal grandmother, Mrs. Annie Curran of Reno.

Home again and on the mend are Sam Follett and John Moretta

who visited the Southern Pacific Hospital in San Francisco last week for medical checkups.

Mr. and Mrs. Larry Ambler of Donner Lake motored to Upper Lake, in Lake County last week, where Mrs. Ambler plans to visit with members of her family for the next three weeks or more while her husband drives a truck to Canada for his employers, the Denney Logging Company.

Fred Lease of Richmond visited for several days last week at the home of his sister, Mrs. Edith Trent.

Paul Horvock of Tahoe City and Russ York and Rev. Wesley Osman of Truckee appeared before the high school board at their regular monthly meeting on Tuesday night last to present the request, sponsored by the High Sierra Youth Recreation Club, for a paid recreation director for this area. The board listened sympathetically, discussed the matter at some length, but took no action, placing it under advisement. Rev. Osman submitted a letter which he drafted voicing the approval of club members for the proposal.

Both Reg Smart and Superintendent of Schools John Corbin, when contacted, expressed similar opinions, that a special tax of .05 cents on \$100 would have to be levied over and above the present tax to make the hiring of such a director possible, as they feel there are more important matters facing the board in the coming year. Such as the possibility of split sessions, more teachers, more classrooms, etc., which are of greater urgency when, and if, this area's population increases, as is expected in the foreseeable future. Mr. Corbin estimated roughly that the amount raised through the special tax, if legally passed, would approximate \$10,000 a year, which with mileage, special book-keeping, and other expenses, it would cost to hire such a playground and recreation director for the sprawling area the district embraces. Mr. Corbin said the board has written a letter to Sterling Winans, department of education, chief of recreation department, asking him to attend their meetings and sit down with them for a discussion of just what they could expect of the first year's program, and to advise them as to

what the program would involve, and of what it would consist. If enough of the local residents and taxpayers show sufficient interest, and if the board is convinced there is a real need of such a director, a public meeting would be held to seek approval for the special tax raise, although this is not compulsory.

The skiing program swung into high gear on Monday with an estimated 400 or more of the approximately 800 enrolled pupils of the district in the lineup. Bud Jones of Carnelian Bay is chief instructor, assisted by Terry Tollefson who is tutoring the high school team this winter.

The Elementary PTA cancelled their Monday night meeting in order that members might attend the special confab being held in the high school at which County Superintendent of Schools Albert Bequette will explain more fully the proposed change in the junior college setup which would so vitally concern this district, and against which there is overwhelming opposition. The belief is expressed that if apathy is overcome here and a 100 percent vote against the measure were forthcoming at the special election late in January, the proposal might not succeed. Once again, it's the ballot which will decide the issue.

Recent visitors at the Victor McLane home in Meadow Lake Park were Rev. and Mrs. Louis Mitchell of Broderick.

PATRONIZE LOCAL STORES

All Members Of VFW Auxiliary Aid In Drive

KINGS BEACH—Bernita Jones, auxiliary polio chairman for the Ladies' Auxiliary to the V.F.W., No. 7077, Lake Tahoe, announced that all members will participate in some way in the 1957 March of Dimes.

Posters, coin collector cards, and the iron lung canisters were distributed by members on January 4, to all business establishments from Crystal Bay to Tahoe City.

School children in Kings Beach and Tahoe City, were given coin collector cards on January 7, by Mrs. Don Snyder and Mrs. Minnie Wagner. A prize to the classroom in each of these schools with the largest collection, is being offered by the auxiliary. Cards were collected January 14, at Tahoe City and January 21 in Kings Beach by Mrs. Minnie Wagner and Mrs. Bob Moore. Prizes will be awarded on January 23.

Members will also participate in the Mother's March on Polio. Last year the auxiliary participated for the first time, with gratifying results.

Contribute to your local March of Dimes, "Let's Finish the Job."

Hellers At Bay—Mr. and Mrs. Charles Heller returned Monday after several days spent at Oakland where they purchased stock for their Variety Store.

Store Buying—Mr. and Mrs. Nace Firpo have been buying this week at San Francisco for Cabona's Store.

POLES MISSING FROM LOCAL MAIN STREET

There's something missing along the main street in Truckee.

If you haven't noticed, the old telephone and electric line poles have disappeared. All the wiring is now in the alleys in the rear of the business section and only two of the old, unsightly poles remain on the main streets. These, together with the stumps left where the others stood will be removed in the near future.

In time, it is hoped, the old poles will be replaced with modern electroliers, to provide more lighting along the streets.

Enlarge Lake Harbor

HOMEWOOD—Work of deepening and enlarging Obexer's protected harbor is underway here. The present breakwater is being lengthened to provide more protected space and the pier will be correspondingly enlarged. Ken Amundson is contractor for the work. The Hendrikson brothers are engaged in the excavating and hauling away of the fill.

CARD OF THANKS

We want to sincerely thank members of the Truckee Volunteer Fire Department and others who were so helpful during the fire at our home Monday night.

PETITION FOR ANNEXATION

We, the undersigned, being property owners residing within the hereinafter described territory, and owning property in the amount and of the assessed valuation (as per last equalized assessment roll of Nevada County) shown opposite our respective names, do hereby petition and request the Truckee Sanitary District to take all proceedings necessary for the annexation of said described territory to the Truckee Sanitary District, Nevada County, California;

That the territory desired and requested to be annexed has a total assessed valuation (as per the last equalized assessment on the rolls of Nevada County) of \$251,550.00, and lies outside, but contiguous to, the boundaries of said Truckee Sanitary District, and is not in any other Sanitary District; said area for annexation being more particularly described as follows:

All that territory lying within the following described bounds, outside the bounds of the existing District and contiguous thereto;

Commencing at the point of intersection of the north-south center line of Section 14, Township 17 north, Range 16 east MDB&M, with the boundary line common to Placer and Nevada Counties, (being the south quarter corner of said Section 14) running thence northerly along said north-south center line, 7920 feet more or less to the center of Section 11; thence westerly along the east-west center lines common to Sections 11, 10 and 9, 10560 feet more or less to the center of Section 9; thence southerly along the north-south center line common to Sections 9 and 16, 7920 feet more or less to the southern quarter corner in said Section 16 (being the point of intersection of said north-south center line with the boundary line common to Placer and Nevada Counties); thence easterly along the southern boundaries of Sections 16, 15 and 14, 10560 feet more or less to the point of beginning, all in Township 17 north, Range 16 east, MDB&M. (48 signatures on petition.)

STATE OF CALIFORNIA) ss

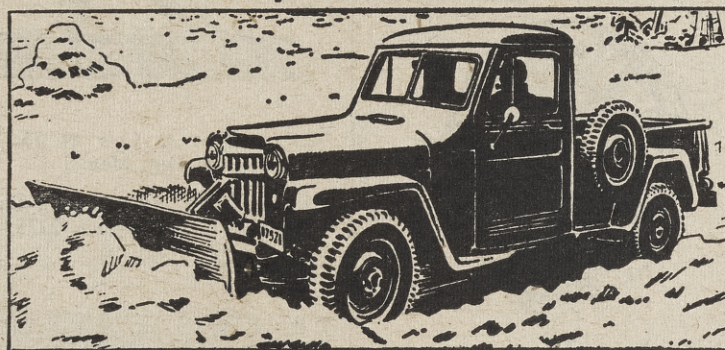

COUNTY OF NEVADA) ss

Charles F. Vind, being first duly sworn, deposes and says: That he is one of the persons who signed the foregoing petition and that the signatures attached thereto and placed thereon were made in his presence, and that to the best of his ability and belief, each of said signatures is a genuine signature of the person whose name it purports to be.

Subscribed and sworn to before me this 5th day of June, 1956.
